Label AI images in your Shopify store without checking every image yourself: Easy AI Act Image Labels reads the provenance evidence in your original files and suggests the official EU label for AI images with evidence. You decide with one click.

The Free plan stays free for good, with 25 labels. With my code `[your code]` you try Unlimited free for 40 days instead of 7 (enter the code in the app before your first paid bill, once per store).

`[your affiliate link]`

I receive a commission if you book the app through my link or code. Provider of the app: easyaiactlabels.-com/en/legal-notice/
